Neamț County - a land brimming with history,
culture, and welcoming, thrifty people, completed by truly spectacular
landscapes - is waiting for you to cross its borders.

The picturesque relief, with its mild hills on the East and steep crests on the West, lakes, parks and nature reserves offer unique, almost perfect scenery. Here, the forest brings you back to life with the fresh air and serene colours. A blessed land, Neamț County welcomes you with a plethora of churches, hermitages and old monasteries and nunneries. Hidden in the wilderness of the mountains or scattered in the villages, each of them bears the burden of history and breathes spirituality – a mixture that gathers pilgrims seeking the tranquillity and peace of their souls. The history and contribution of the region to the Romanian cultural development is on display in the museums of Neamț County. You can find traditions and crafts in their original form in the very artisans' households. Moreover, should you find yourself on the lanes of the villages in Neamț during the winter festive season, the better for you as you will be enchanted by the dances with masks and your senses will be overwhelmed with the flavours of the specific cuisine.

However, Neamț County is not only an area rich in traditions and history. It offers more modern attractions as well: you can spend some time in the entertainment and sports parks, you can have a ride **with the gondola lift**, you can relax at the modern open-air swimming pool, or in SPAs, and you can attend all sorts of events and competitions where you can test your endurance.

Whether you are on holiday or merely passing by, we invite you to Neamț County to admire the beauty of nature from the height of the majestic Ceahlău Massif, to visit at least one jewel of the plethora of monasteries, to have an insight into the ancient history of this region, to fill your soul with the pride of going back to traditions and, it goes without saying, to stop at a boarding house in our county where you are awaited as a cherished guest.
